REMARKS

Claims 1-19 are all the claims pending in the present application. Applicant thanks the Examiner for indicating that claims 7-19 are allowed, and claims 3-6 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.¹

¹ Previously, claims 7, 11, 12, 16, and 17 were rejected over prior art, however, now these claims are allowed.
